ORIGINAL SOFTWARE AND MIDRANGE DYNAMICS PARTNER TO SUPPORT IBM i BUSINESSES

Partnership delivers change management, testing, and test management software for IBM i businesses

BASINGSTOKE, UK and Zug, Switzerland – Sept 30, 2021

Original Software, a leading provider of testing and test management software, announced today that it has partnered with Midrange Dynamics to deliver world class, reliable change management and testing software for IBM i businesses worldwide.

Through this partnership, Original Software and Midrange Dynamics can now provide a full suite of change management and testing solutions to IBM i businesses. Testing solutions include Test Data Management, Batch Program Testing, Test Automation and Regression Testing.

"We are pleased to partner with Midrange Dynamics to provide our testing solutions for businesses with IBM i,' said Colin Armitage, CEO of Original Software. "There are thousands of businesses that depend and rely on IBM i technology every day and finding the right tools to support this is important. Original Software is the only company that can provide a comprehensive set of testing tools for IBM i platforms. Midrange Dynamics has proven expertise delivering Change Management Solutions, consultancy and technical support for IBM i businesses worldwide."

"The collaboration with Original Software, and seamless integration of their industry-leading testing tools with the Midrange Dynamics solutions, makes it easy for organizations to include automated testing in their CI/CD process," said Michael Morgan, Midrange Dynamics Managing Director. "As a trusted consultant, our goal is to recommend the best possible solutions to our clients. We are excited about the value our partnership with Original Software will deliver to our shared customer base," said Mr. Morgan.
